

**REGULATIONS NOT HARMONISED AT EUROPEAN LEVEL****BUNK BEDS****SCOPE**

A 'bunk bed' means a set of components that can be assembled into a bed, which can be stacked onto another bed, or onto any frame intended to provide a sleeping area at a height above the ground that is higher or equal to the height defined by the applicable standards.

'Guard-rails' are components installed on all four sides of the top bunk, to prevent the occupant from falling out of bed.

**FRENCH REGULATIONS**

■ [Decree No 95-949 of 25 August 1995 \(amended\)](#) on the prevention of hazards owing to use of bunk beds in homes or public premises

**STANDARDS CONFERING A PRESUMPTION OF CONFORMITY**

■ [Communication of 15 January 2013](#) relating to the implementation of Decree No 95-949 of 25 August 1995 on prevention of risks owing to use of bunk beds in homes or public premises

*(List of the standards able to be used to implement Article 3 of Decree No 95-949 of 25 August 1995 – Cancellation of the opinion published in the Journal officiel of 16 December 2008)*
